Nottaway Tribal Community-SW/Hoopa Valley, housed within Crow Nation Resolution, is now launching a more united group of tribal nations to facilitate the establishment and solid foundation necessary to further our Tribal Commerce & Economic Developmental program (IRC7871).

With our grouping of Tribal Medicine, Tribal Transport, and Tribal Repository, our program will transport goods and facilitate financial transactions between the participating tribal entities and licensees.

We are opening our borders to Private Licensed Entities who will be our partners to bridge our Tribal Services.

Purchasing Structure

We partner with a current Licensee in each state.

From this partnership, we purchase cannabis for medicinal programs and utilize our tribal transportation partnerships that are in place.

Sales Structure

We work within the metrc structure within each state or state required system.

Integrating the tribal medicine program with each licensee to integrate a full medical program.
